“ *Aunt Mae was such an awesome woman I don't know how to even grasp the concept that she is not with us anymore. I wasn't raised around her and only in my adult life was blessed to spend time with her. The world is a better place because she was there straighten out the hoodlums that came through her door with her children or her nephews or myself. She was always quick to call you on your s**t but was also there to offer support to anyone and everyone she could. I will truly miss her but in the time I spent with her she made me a better person and I will never forget that. I love you Aunt Mae*

“ *Me, Mae Dene and Jeremiah spent one summer together almost everyday. She was so amazed that my sausage gravy was actually by my hand she swore up and down I bought it even though I cooked it at her house. Lol. Mae was a good person with a tough exterior but a very caring and loving heart. She loved her friends and would do almost anything for them expecially her "Honeydew" (James Honeycutt!) I know he wished he could be here for the service. We will all miss you dear friend!*

“ *Brandi
You and your family are in my thoughts and prayers. May the Lord Bless and comfort you all in your time of grief.*

“ *There was a time that Mae and I spent a lot of time together. During one of Brandi's moves, we helped clean, paint, unpack, repair, decorate...you name it, we did it. We helped host bar-b-ques and parties for the teenage grand kids. Mae gave me a precious gift by allowing me to be Brandi's other Mom and shared her grandchildren with me as I became Grandma Linda to each of them. We all became FAMILY. I hate that I cannot be there for Mae's funeral, but medical issues are going to keep me in New Mexico. Brandi, you know that I am with you, heart to heart connection, every minute of every day. To all the Grandkids, just remember that Grandma Mae hasn't left you. She lives in your hearts.*

I love you all!
