“ I am so very sad this morning after learning of Sonny's passing and my heart goes out to all of you. Even though it's been almost 30 years, I clearly remember spending countless hours at your home in high school watching black & white TV shows with Sonny. I can hear the sound of his electric razor going as he leans back in his recliner and laughs at Andy Griffith. I can hear Sonny saying "huh?" as one of you asks him a question because he couldn't hear so well. And I can see him smirking just a little because sometimes he said "huh" just to get a laugh out of hearing you trying to speak louder. I was always welcomed with open arms, given lots of hugs, and feed lots of food. He treated me and loved me as if I was a part of his family. My life was blessed & forever better the day I meet him.

*My thoughts, heart, & prayers are with all of you.  
May the Lord comfort you and hold you close.*

*Much Love

“ He was a provider for his family and home. He took great pride in his yard, flower beds and loved his riding lawn mower. You were blessed if he was your neighbor. His children reflect his kindness and love for all.
