“ I had the pleasure of meeting Verna a couple of years ago at a Christmas dinner at her daughter's Kim home. I instantly liked Verna and knew she was a very intelligent and interesting person to visit with. I felt if I had lived closer we would have become friends. My grand daughter had the wonderful privilege of having Verna as a grandmother in law. I just thank the Lord that he allowed Verna to cross my path.

“ I had the opportunity to work with Verna for 8 years. She was a person that accepted nothing but the best from herself when it came to doing her work. Truthfully she was the most enjoyable person ever to work with. To her family, I loved and appreciated Verna to no end.

“ I will never forget riding to Memphis with her and Poppa John to pick up Mitch and how excited she got about the smell of the cotton fields we were passing and listening the stories about her growing up. Or how happy she always was to see you.
