“ I remember the first time we went to a hip hop show to see Haystack me,him, and Paralee we were all so excited to see Haystack all he wanted to do was get video of the whole show and all the girls. He was the only that got to see stack cause we had to leave early. But we meet up later and compared video he always would turn your frown upside down with some crazy gesture or saying. He loved to talk about his sister,that deer he shot,or hang out at the game room .He would always make sure you heard him because he is so much louder than anyone.I love you brother I did listen to all your advice and remember all so well and I will practice it for now on.Thank you for the knowledge and the memories that we shared you are my freind. You will be missed by many.
